

## Installation of Anti-Tip Bracket (Recommended)

PLEASE READ THE USER MANUAL CAREFULLY BEFORE INSTALLING AND OPERATING

- Remove the bracket and the screwdriver from the plastic bag.
- Gently lay the wine cooler down on its back panel.
- Loosen the two screws on the base (as shown below) using the provided screwdriver. Only loosen the screws on the 1 side you prefer

- Screw in the bracket onto the bottom of the wine cooler, using the top and bottom holes of the bracket. The bracket should face downward and protrude from the side of the wine cooler.
