NEW YORK STATE OF WINE

NY wines shine from Brooklyn to the Finger Lakes.

Writer-at-large Christina Pickard tastes New York, Australia, New Zealand and England, while Jeff Porter covers Piedmont and northern Italy.

Christina Pickard: Call it chutzpah. Or resourcefulness. Or resilience. Whatever it is, New York winemakers have it in spades. Despite working in a temperamental climate that seems to fail them as often as it blesses them, New York producers are crafting better and better wines each year. Add to this the fact that New York wines are generally very well priced, giving consumers lots of reasons to drink from the Empire State. As a born and bred upstate New Yorker, it was a joy it was to taste through the 225 wines from my home state for this issue.

Jeff Porter: Although I am not native, I have never been more excited to drink, serve and seek out New York wines. When I first moved to the city 12 years ago, having a glass of New York wine in a restaurant was not easy, but times have changed. Today, finding New York wines on lists, as well as escaping the city to explore our state's stunning wine regions, has never been better or more exciting. The pandemic pushed this exploration to the next level, when people who once visited Napa Valley or Italy and still had an itch to scratch, discovered that wine country is just a train ride away. Even in my Brooklyn backyard, the nearby Red Hook Winery expanded its tasting room, so I can grab a glass of North Fork Cab Franc or an electric Finger Lakes Riesling.

CP: I love that. And as you'll see in these pages, Riesling still rules, the dry styles, especially. 2022—from which I tasted 92 wines—was a great year for this variety. Highly rated exam-

ples across vintages (Hermann J Wiemer, Ravines, Anthony Road, Hillock and Hobbs, Fox Run and Silver Thread, I'm looking at you) struck a balance between vibrant fresh fruit, intriguing texture, a whisper of residual sugar, racy acidity and lip-smacking drinkability, with several capable of a long cellar life. Shout out to Wiemer, which, in 2023, became the east coast's only Demeter-certified winery, for proving with its 2022 Flower Day bottling that excellent farming and minimal winemaking can result in one of the region's most interesting and delicious Rieslings.

JP: As an avid lover of fizzy wine, I love being able to find local bubbles on lists across the city. Intrepid sommeliers such as Jhonet Faelnar of NA:EUN restaurant group and Miguel DeLeon of Pinch Chinese, to name a few, both champion New York wines and

are helping to change the tide, but there is still a gap. Pascaline Lepeltier, partner of Chambers Restaurant and the Finger Lakes project Chépika, summed it up best: "I think New York restaurants are doing a good job, yet we could do better." International clientele are the ones asking for New York wines, not locals, she says. "The question is, how to convince Americans to drink New York wines in New York." As we keep seeing wines like the ones you mentioned above, I think we're in a good place to have New York City restaurants become the unofficial tasting rooms for New York state wines.

CP: Absolutely agree. Drink local!

TASTING METHODOLOGY AND GOALS

All tastings reported in the Buying Guide are performed blind. Typically, products are tasted in peer-group flights of from 5–8 samples. Reviewers may know general information about a flight to provide context—vintage, variety or appellation—but never the producer or retail price of any given selection.

ABOUT THE SCORES

Ratings reflect what our editors felt about a particular product. Beyond the rating, we encourage you to read the accompanying tasting note to learn about a product's special characteristics.

Classic 98–100: The pinnacle of quality.
Superb 94–97: A great achievement.
Excellent 90–93: Highly recommended.
Very Good 87–89: Often good value; well recommended.
Good 83–86: Suitable for everyday consumption; often good value.
Acceptable 80–82: Can be employed in casual, less-critical circumstances.

Products deemed Unacceptable (receiving a rating below 80 points) are not reviewed.

SPECIAL DESIGNATIONS

Editors' Choice products are those that offer excellent quality at a price above our Best Buy range, or a product at any price with unique qualities that merit special attention.

Cellar Selections are products deemed highly collectible and/or requiring time in a temperature-controlled wine cellar to reach their maximum potential. A Cellar Selection designation does not mean that a product must be stored to be enjoyed, but that cellaring will probably result in a more enjoyable bottle. In general, an optimum time for cellaring will be indicated.

Hidden Gems are products which are not your typical regional finds, but should not be missed. These fun, esoteric wines are priced above \$20 and score above 87 points.

Best Buys are products that offer a high level of quality in relation to price. Wines meriting this award are generally priced at \$20 or less, and are designated Best Buys after surpassing 86 points and a specific quality-to-price ratio benchmark.

88 Fox Run 2021 Kaiser Vineyard Reserve Chardonnay (Seneca Lake). From nearly 40-year-old vines on Fox Run's Seneca Lake property, this Reserve Chardonnay nods to Burgundy with its reductive, gun smoke and seashell characters. Beneath lurk lemon oil, nectarine and a lactic, toasty oak influence. The midweight palate shows oaky richness, sliced through with crisp, lifted acidity. The cooler climate has resulted in less fruit than is preferred for this style, but it's a solid wine, nonetheless. **Best Buy.** —C.P.

86 Ventosa NV Saggio Series XIII Red Blend (Finger Lakes). Frankly, nonvintage bottlings aren't a bad idea in a climate as volatile as that of the Finger Lakes. For this wine, however, the blend of older wine makes it feel tired. Macerated cherry and raspberry aromas take a back seat to mint and roasting spices. The palate is a bit thin, the fruit on its way out. But there's still plenty of acidity and an herb-and-spice combo woven into the taut tannins. Drink up. —C.P.

abv: 13.5% **Price:** \$29

85 Keuka Spring 2021 Miller's Cove Red Red Blend (Finger Lakes). Dense, raisiny fruit opens, with spice and minty oak notes behind. It's drier than the nose suggests. The residual sugar present acts as a thickener, making the wine feel dense and mouthfilling, but with a flavor that lacks the concentration to match. —C.P.
abv: 12.8% **Price:** \$23

84 Ventosa NV Saggio Series XII Red Blend (Seneca Lake). This nonvintage red shows old wine characters of fading red fruit with cedar, dried mint and woody, baking spice notes. The palate isn't lacking in freshness or sappy, herbal tan-

nins, but it is in fruit and flavor, which seems to have fallen away. —C.P.
abv: 13.4% **Price:** \$39

abv: 12.5% **Price:** \$25

85 Knapp 2021 Cabernet Sauvignon (Finger Lakes). There's a sweet toasted coconut oak gauze atop the red fruit and spice notes on this cool-climate Cab. The tangy berry flavors hold their own on the palate, cinched by raspy, drying tannins and plenty of wood and acidity. —C.P.
abv: 12.5% **Price:** \$29

SYRAH

91 Atwater 2022 Syrah (Finger Lakes). An unapologetically spicy Syrah, it explodes with ground peppercorn, clove and bay leaf. Only later do you notice the fresh cranberry and cherry fruit is very much there, too. A seam of racy acidity slices and dices the midweight palate. Here the tart red fruit really shines, succulent with a cool-climate crunch, tied in a bow with sappy, spice-flecked tannins. —C.P.

abv: 11.8% **Price:** \$26

88 Hector Wine Company 2020 Syrah (Seneca Lake). There's lovely dark berry fruit concentration on the nose, although a fair bit of toasty vanillin oak is on display, too. A peppery edge lets you know you're in cool-climate Syrah territory, as does the lift of crisp acidity on the palate. Tannins are a little barrel-driven and therefore astringent and drying, but the fruit intensity is there, too. —C.P.
abv: 12.8% **Price:** \$34

MERLOT

90 Mazza Chautauqua Cellars 2019 Merlot (Long Island). A combo of raspberry, cherry and savory oak spice comprises the nose, while the ultrafresh palate, medium in weight, threads savory, almost smoky tannins through dark cherry flavors. This is solid pasta-with-red-sauce fare. —C.P.

abv: 12% **Price:** \$26

87 Keuka Spring 2021 Merlot (Finger Lakes). Quiet strawberry aromas whisper, while the featherlight palate is fresh with some viscosity to the texture and a red berry and spice touch at the finish. Chill it slightly to enjoy easy summertime sipping. —C.P.
abv: 13% **Price:** \$23

abv: 12% **Price:** \$23

85 Hazlitt 1852 Vineyards 2020 Merlot (Finger Lakes). This is as dense on the nose as the crimson color (darker than your average New York Merlot) suggests. Raisiny fruit and spice, like Christmas cake or spiced mixed berry jam, lead. There's a little minty oak showing. That oak influence ramps up on the palate. It makes the tannins feel dry and raspy and wrestles out all the succulent fruit. —C.P.

CALVADOS

Normandy's signature Brandy.

A visit to Normandy, the region where France's apple (and sometimes also pear) based brandy is made, yielded this indelible memory: contented cows parked beneath an apple tree, happily munching on overripe, perhaps partly fermented apples that had fallen from the tree.

Those were some smart cows. Calvados—Normandy's signature apple brandy—is a treat worth getting to know.

Marked by rich baked-apple flavor and spice, Calvados is a pure expression of the French countryside, where hundreds of apple varieties grow. Often, the flavors are reminiscent of strolling through a French bakery: think tarte Tatin, spice cake, vanilla cream, and brioche slathered with butter and honey.

That's a result of the underlying apples and pears, of course, while time spent in oak casks (and increasingly, barrels that previously held whiskey or other types of brandy, like Cognac) contribute rich vanilla and baking spice.

With all those delicious, dessert-y flavors,

sip starts with dried apricot, dried apple and cocoa, expanding into a spicy flurry of cinnamon and clove. It dries to a well-worn, leathery finish that lingers on and on.

95 Diurne Calvados 19 Years Old (France; Preiss Imports, Ramona, CA). The nutty aroma suggests pecan and toasted almond. First sips echo that quality, showing up as roasted nuts tossed with cocoa powder and ground coffee beans. A splash of water coaxes cooked fruit tones forward, including baked apple, dried dates and torched orange peel. The long, drying finish is delicately spiced with cinnamon, clove and nutmeg tingle.

95 Diurne Calvados 31 Years Old (France; Preiss Imports, Ramona, CA). Expect a nut-brown hue and aromas suggesting cinnamon-laced apple pie. Assertive, tingly clove, vanilla and black pepper leads,

it's tempting to relegate Calvados to just a dessert sipper. Resist that urge. Similar to France's grape-based brandies—Cognac and Armagnac—Calvados works well in cocktails too. If you're lucky enough to have a bottle on hand, try a Walnut Old Fashioned, as directed by Seattle bar pro Andrew Bohrer: Stir two

Calvados is a pure expression of the French countryside, where hundreds of apple varieties grow.

ounces of Calvados with ice, a quarter-ounce each of Demerara syrup and nocino (walnut liqueur), plus a couple of dashes of Angostura bitters. Or for spring, try Calvados muddled with strawberries and topped up with sparkling wine or soda water.

To be blunt, Calvados is underrated. If you're a fan of

Cognac or American brandy, Normandy's apple brandy is worth seeking out too. And based on our most recent round of reviews, Calvados in the 18- to 19-year-old range is a particular sweet spot for sipping.

If you don't believe us, just look to the contented French cows. They know the truth.
